Mining Americas Announces Change of Auditor

Toronto, Ontario – September 11, 2026 – Mining Americas Inc. ("**Mining Americas**" or the "**Company**") (TSX: **MAI**; OTCQX: **MAIFF**) today announces that it has changed its auditor from McGovern Hurley LLP (the "Former Auditor") to Ernst & Young LLP (the "Successor Auditor"). The change of auditor occurred at the request of the Company. The Company's board of directors accepted the resignation of the Former Auditor as of September 9, 2026, and appointed the Successor Auditor as the new auditor of the Company effective September 10, 2026, to hold office until the close of the Company's next annual general meeting of shareholders.

There were no reservations in the Former Auditor's audit reports in connection with the audits of the Company's two most recently completed financial years. There are no "reportable events" as the term is defined in National Instrument 51-102 – Continuous Disclosure Obligations ("NI 51-102") between the Company and the Former Auditor.

In accordance with NI 51-102, the required letters from the Former Auditor and the Successor Auditor and Notice of Change of Auditor have been reviewed by the audit committee and the board of directors of the Company, and these documents have been filed under the Company's profile on SEDAR+ (www.sedarplus.ca).

About Mining Americas

Mining Americas Inc. is a growing North American gold production and development company with projects in Nevada, Arizona, and Mexico. The Company owns the Pan Operating Complex in White Pine County, Nevada, comprised of the producing Pan mine and the adjacent permitted Gold Rock project.

The Company also owns the Copperstone project in La Paz County, Arizona, an underground gold project currently in construction. The Company maintains a portfolio of high-quality Mexican assets, including the Cerro de Oro project, a permitted open pit heap leach gold development project in northern Zacatecas.

The Company's strategy is to become a leading, U.S.-focused intermediate gold producer by growing production at its Pan Operating Complex and developing its pipeline of permitted, low-capital projects while expanding gold resources across its portfolio.
